**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

We have been receiving our internet through Sonic for over two years now and would like it to continue. Before we switched to Sonic we were with Comcast and were charged an arm and a leg for the half of the services that we get with Sonic. We were stuck with this deal because the only viable competition was At&T and their service was not cheap either and was not as reliable. We often work from home and have college students and so we need a reliable internet. When Sonic was introduced to us we embraced the idea that there would be another internet provider with great service and affordable prices. In fact when we switched over to Sonic Comcast offered to us an all time low fee plan reducing their fees by almost 70%. We would have taken it if that would happen earlier but then we saw that it was only a move to drive out the competition and continued with Sonic. Please allow Sonic whatever access they need to continue their business in our area and if they are better company let them grow.

Sincerely,

Natalya Korzhova
